## 28th FIAP PROJECTED IMAGE BIENNIAL

The national motto of Indonesia: "Unity in Diversity" is a term that not only describes this dynamic nation, it also relates to FIAP's basic idea of bringing photographers from all over the world together in the spirit of friendly competition.

We respect, that it is now the second time, that Indonesia take upon themselves the task of hosting a FIAP Biennial,- last time was the 25th FIAP Projected Image Biennial in 2009. It has been a pleasure for FIAP to work with the Indonesian team around this biennial.

As this catalogue shows, this biennial has enjoyed many excellent collections from many countries, and FIAP congratulate the winners of the national competition, and the winners of the individual prizes.

We thank all participating countries for their contribution to make this an important international photographic event, and we hope, that in the future we shall see even more collections in our FIAP Biennials.

Finn Nielsen  
Director of the FIAP Biennials Service

## 28e BIENNALE IMAGES PROJÉTÉES

« Unité dans la diversité » : la devise nationale de l'Indonésie décrit non seulement cette nation dynamique de l'Asie du Sud, mais aussi l'idée à la base des biennales FIAP qui invitent des photographes du monde entier à se rassembler dans le cadre d'un concours amical.

Nous sommes ravis que pour la deuxième fois, l'Indonésie se soit chargée d'accueillir une biennale FIAP, la première fois étant en 2009 à l'occasion de la 25e Biennale FIAP Images Projétées. La FIAP a pris beaucoup de plaisir à collaborer avec l'équipe indonésienne à l'organisation de cette biennale.

Comme le montre ce catalogue, la 28e biennale a rassemblé d'excellentes collections en provenance d'un grand nombre de pays. La FIAP tient à féliciter les gagnants du concours national ainsi que les lauréats des différents prix.

Nous remercions tous les pays participants d'avoir contribué à faire de cette biennale une manifestation photographique internationale de premier plan et nous espérons pouvoir découvrir un nombre plus grand encore de collections au cours de nos prochaines biennales.

Dear friends photographers,

Indonesia, the Emerald of the Equator is an archipelago that consists of 17.508 islands and a population of over 252 million. Her breathtaking view and abundant cultural wealth make Indonesia a captivating subject of photography. That is one of the things that Indonesian photographers expressed through their photographs in the 28th FIAP Projected Image Biennial 2015.

Federasi Perkumpulan Senifoto Indonesia (FPSI), established on 30th December 1973, is a union of all amateur photographers in Indonesia. Through FPSI, Indonesian photographers can showcase their work not only in national competitions, but they can also participate in international photography competitions accredited by Federation Internationale de l'Art Photographique (FIAP).

FPSI was privileged to host the 25th FIAP Projected Images Biennial in 2009. This year we are once again given the great honor to host the 28th FIAP Projected Images Biennial 2015. Indonesia is honored to be entrusted as the host for this prominent photography event, and we are very delighted to present the amazing works of talented photographers from all over the world.

Congratulations to the winners, we are very proud of your work and achievements.

We hope to see you again in 29th FIAP Projected Images Biennial 2017.

# PREFACE

Harto Solichin Margo, AFIAP, HonEFIAP  
President of FPSI

Chers amis photographes,

L'Indonésie, l'émeraude de l'équateur est un archipel qui se compose de 17.508 îles et d'une population de plus de 252 millions d'habitants. Ses points de vue à couper le souffle et la richesse culturelle abondante font de l'Indonésie un sujet passionnant pour la photographie. Voilà l'une des choses que les photographes indonésiens ont exprimé à travers leurs photographies envoyées pour la 28ème Biennale de l'image projetée FIAP 2015.

La Fédération des Sociétés Photographiques de l'Indonésie (Federasi Perkumpulan Senifoto Indonésie), fondée le 30 décembre 1973 est une union de tous les photographes amateurs en Indonésie. Grâce à la FPSI, les photographes indonésiens peuvent présenter leurs oeuvres, non seulement dans les compétitions nationales, mais ils peuvent aussi participer à des compétitions de photographie internationales sous le Patronage de la Fédération Internationale de l'Art Photographique (FIAP).

FPSI a eu le privilège de pouvoir accueillir la 25ème Biennale Images Projétées de la FIAP en 2009. Cette année, nous avons une fois de plus le grand honneur d'accueillir les Images Projétées de la 28ème Biennale FIAP 2015. L'Indonésie est honorée de se voir confirmer comme hôte pour cet événement photographique marquant, et nous sommes très heureux de vous présenter les œuvres étonnantes de photographes talentueux de partout dans le monde.

Félicitations aux gagnants, nous sommes très fiers de votre travail et de vos réalisations. Nous espérons vous voir à nouveau lors de la 29ème Biennale Images projetées FIAP de 2017.

Harto Solichin Margo, AFIAP, HonEFIAP  
President of FPSI
