With great pleasure I want to present the catalog of the 34th FIAP Black & White Biennial. The images published here is a sample of the quality and diversity of works presented by the participating federations. Photographic art is an international concept and with 40 participating countries representing the 5 continents reaffirms the validity and interest in black and white photography. The Black & White Biennial always has a very special interest. This year even more, it is presented for the first time in the African continent.

Organizing a Biennial represents an important challenge. I want to thank the PSSA who has done it with care and competence, also the jury and all the federations that sent their works contributed to the success of this event. A special congratulation deserves Scotland who has won the World Cup with a collection of exceptional individual quality and coherence. Also for the Russian Federation that has achieved the Gold Medal and with it and to its excellent results in the last FIAP Colour Biennial has been awarded for the first time with the Grand Prize “Trophy Dr. Van de Wijer” 2018.

Avec plaisir, je souhaite présenter le catalogue de la 34ème Biennale Monochrome de la FIAP. Les images publiées ici sont un échantillon de la qualité et de la diversité des œuvres présentées par les fédérations participantes. L'art photographique est un concept international et avec 40 pays participants représentant les 5 continents réaffirme la validité et l'intérêt pour la photographie en noir et blanc. La Biennale Monochrome a toujours un intérêt particulier. Cette année encore plus, il est présenté pour la première fois sur le continent africain.

Organiser une Biennale représente un défi important. Je tiens à remercier le PSSA qui l'a fait avec soin et compétence, ainsi que le jury et toutes les fédérations qui ont envoyé leurs travaux et contribué au succès de cet événement. Une félicitation spéciale mérite l'Ecosse qui a remporté la Coupe du Monde avec une collection d'une qualité et cohérence exceptionnelle. Aussi pour la Fédération de la Russie qui a reçu la médaille d'or grâce à ses excellents résultats lors de la dernière Biennale de la couleur, il a réalisé pour la première fois le Grand Prix Dr. Van de Wijer 2018.

**Luis Franke MFIAP, EFIAP/d1, ESFIAP**

Director of the Biennial Service / Directeur du Service des Biennales

It is indeed an honour and privilege for PSSA to host the 34th FIAP Black& White Biennial and I would like to thank Luis Franke for guiding us every step of the way. This enormous task cannot be done without the assistance of our hard working team, thank you to each and every one of them.

Thank you also to our judges who travelled from far afield, Freddy van Gilbergen, Nige Westwood and Markus Worsdorfer, your insight and valuable assessment is very much appreciated.

Last but not least thank you to the photographers from the 40 countries that participated and made this a truly international event. Congratulations to Scotland for coming out the worthy winner and to everyone for sharing their wonderful images with us.

C'est en effet un honneur et un privilège pour PSSA d'accueillir la 34ème Biennale FIAP Black & White et je voudrais remercier Luis Franke de nous avoir guidés à chaque étape. Cette tâche énorme

ne peut se faire sans l'aide de notre équipe de travail, merci à chacun d'entre eux.

Merci également à nos juges qui ont voyagé de loin, Freddy van Gilbergen, Nige Westwood et Markus Worsdorfer, votre perspicacité et évaluation précieuse est très appréciée.

Enfin, merci aux photographes des 40 pays participants qui ont fait de cet événement un événement international. Félicitations à l'Ecosse pour être le digne vainqueur et à tous pour avoir partagé leurs merveilleuses images avec nous.
