OF LOCAL HISTORY

Nature photographers have a special sensitivity that allows us to understand all aspects of nature, its flora, fauna and landscapes. By appreciating the natural world around us, we have the opportunity to care for it and preserve it for future generations.

33 countries have participated in this 20th edition of the FIAP Nature Biennial, organised by the Union of Eurasian Photographers of Chelyabinsk in the Russian Federation. A special recognition to the organizers because in this special year when the world is suffering from the Covid-19 pandemic they had to adapt to these special circumstances. The judgment could not take place as planned in the city of Chelyabinsk. Instead it was done online, which meant that the traditional paper section was judged with its digital images.

Great work was also done by the jury who had to decide on the allocation of the prizes within such excellent images received.

We congratulate all the participating federations and especially the representatives of Italy, Great Britain, South Africa and the Russian Federation who achieved the first four places in the two sections. Finally, Italy has won the «Odette Bretscher» Grand Prix Trophy 2020.

**Luis Franke**  
Director of the Biennial Service

Les photographes de nature ont une sensibilité particulière qui nous permet de comprendre tous les aspects de la nature, sa flore, sa faune et ses paysages. En appréciant le monde naturel qui nous entoure, nous avons la possibilité d'en prendre soin et de le préserver pour les générations futures.

33 pays ont participé à cette 20ème édition de la Biennale Nature FIAP, organisée par l'Union des Photographes Eurasiens de Chelyabinsk en Fédération de Russie. Une reconnaissance particulière aux organisateurs car en cette année spéciale où le monde souffre de la pandémie de Covid-19, ils ont dû s'adapter à ces circonstances particulières. Le jugement n'a pas pu avoir lieu comme prévu dans la ville de Chelyabinsk. Au lieu de cela, il a été fait en ligne, ce qui signifie que la section tirages papier a été jugée avec ses images numériques.

Grand travail également de la part du jury qui a dû décider de l'attribution des prix parmi les excellentes images reçues.

Nous félicitons toutes les fédérations participantes et en particulier les représentants de l'Italie, de la Grande-Bretagne, de l'Afrique du Sud et de la Fédération de Russie qui ont obtenu les quatre premières places dans les deux sections. Enfin, l'Italie a remporté le Trophée «Odette Bretscher» 2020.

Directeur du Service des Biennales

Фотографы природы обладают особой чувствительностью, которая позволяет нам понять все аспекты природы, ее флору, фауну и ландшафты. Оценивая окружающий нас мир, мы имеем возможность заботиться о нем и сохранять его для будущих поколений.

33 страны приняли участие в этом 20-м издании Биеннале природы FIAP, организованной Ассоциацией фотографов «Евразия» (Челябинск) в Российской Федерации. Особое признание организаторам, потому что в этот трудный год, когда мир страдает от пандемии Covid-19, им пришлось адаптироваться к этим сложным обстоятельствам. Судейство жюри не смогло состояться, как планировалось, в городе Челябинске. Вместо этого оно прошло с помощью интернета, и традиционный печатный раздел был оценен с цифровых изображений.

Большую работу проделало и жюри, которое должно было принять решение о распределении призов из-за превосходных полученных изображений.

Мы поздравляем все участвующие Федерации и особенно представителей Италии, Великобритании, Южной Африки и Российской Федерации, которые заняли первые четыре места в двух секциях. Наконец, Италия выиграла гран-при «Одетта Бретшер» в 2020 году.

Four years ago, I had the opportunity to become the curator and captain of the teams of Russian photo artists at the World Cups. Our photographers have shown very good results all this time. The Biennale has become an interesting part of my life for me. Last year, I received an offer from the Director of the FIAP Biennale, Luis Franke, to organize this most important event in Russia, for which I am very grateful to him. I saw from the other side this wonderful holiday of photography.

On behalf of Russian photographers, I am sincerely grateful to FIAP and its president Riccardo Busi for the honor and trust shown, for the opportunity for our country to plunge into the world of international photography to a greater extent. I also thank the jury, which did an excellent job with all the tasks, consisting of wonderful photographers: Anton Savov from Bulgaria, Vasja Doberlet from Slovenia, Herbert Gmeiner from Austria. In difficult conditions due to the pandemic, Luis Franke from Argentina brilliantly organized the work of the judges.

Vladimir Bogdanovsky, director of the State Historical Museum of the South Urals, rendered great assistance in the organization. The participation and contribution of the great museum team has been invaluable. I would also like to thank Russian photographers who once again showed decent results. It's nice that all the years our Chelyabinsk photographers, members of the Stone Belt Club, have taken an active part in the FIAP Biennale.

Congratulations to all awarded countries and authors whose works will go down in the history of the FIAP Biennale! Thanks a lot to everyone! Take care of yourself!

### **Rashid Usmanov**

President of the organizing committee of the Nature Biennale - 2020,  
President of the Eurasia Photographers Association,  
Captain and curator of the team of photographers of the Russian Federation

От имени российских фотохудожников искренне благодарен FIAP и её президенту Риккардо Буси за оказанную честь и доверие, за возможность нашей стране в большей мере окунуться в мир международной фотографии. Также благодарю жюри, которое отлично справилось со всеми задачами, состоящее из замечательных фотографов: Антон Савов из Болгарии, Вася Дוברлет из Словении, Герберт Джозев из Австрии. В трудных условиях из-за пандемии Луис Франке из Аргентины блестяще организовал работу судей.

Большую помощь в организации оказал Владимир Богдановский, директор Государственного исторического музея Южного Урала. Участие и вклад замечательной команды музея оказались неоценимыми. Хочу также поблагодарить российских фотографов, которые в очередной раз показали достойные результаты. Приятно, что все годы активно принимали участие в Биеннале FIAP наши челябинские фотографы, члены клуба «Каменный пояс».

Поздравляю все награжденные страны и авторов, работы которых войдут в историю Биеннале ФИАП! Большое всем спасибо!

Берегите себя!

Dear friends!

This catalog contains masterpieces of world photography of our time, and among the authors we are happy to see the names of our countrymen. Members of our «Stone belt» photo club have been participating in the FIAP Biennale for several years. We are preparing for it as the main creative challenge, and we consider the high ratings of the jury to be a great success.

Our today's achievements have deep roots. The «Stone belt» has held a high skill bar for more than thirty years, laid down by the founders of the Chelyabinsk photography's school - recognized Russian professionals Vasiliev, Tkachenko and Teush. A new confirmation of this was the decision of the International Federation of photography, made after several years of cooperation, to open its first Exhibition center in Russia in Chelyabinsk city.

We sincerely thank our colleagues and are pleased to announce that the residents of the region have already got acquainted with the best works of the FIAP World Cups as part of a special exhibition. Thank you to those who responded to our request and sent their photos for this exhibition. We will be glad to meet you at the opening of the Exhibition Center in Chelyabinsk scheduled for 2021!

Дорогие друзья!

В этом каталоге собраны шедевры мировой фотографии нашего времени, и среди авторов мы рады видеть имена наших соотечественников. Члены нашего фотоклуба «Каменный пояс» уже несколько лет участвуют в биеннале FIAP. Мы готовимся к нему как к главному творческому вызову и считаем высокие оценки жюри большим успехом.

Наши сегодняшние достижения имеют глубокие корни. «Каменный пояс» более тридцати лет удерживает планку высокого мастерства, установленную основоположниками челябинской школы фотографии - признанными российскими профессионалами Васильевым, Ткаченко и Теушем. Новым подтверждением тому стало решение Международной федерации фотоискусства, принятое после нескольких лет сотрудничества, открыть в Челябинске свой первый Выставочный центр в России, назвав его «Каменный пояс».

Искренне благодарим коллег и рады сообщить, что жители региона уже ознакомились с лучшими работами чемпионатов мира FIAP в рамках специальной выставки. Спасибо тем, кто откликнулся на наш запрос и прислал свои фотографии для этой выставки. Будем рады встретить Вас на открытии Выставочного центра в Челябинске, запланированном на 2021 год!

Thank you for the incredible work that your city of Chelyabinsk has done in organizing the FIAP World Cup, despite the difficult moment that all of humanity is going through. Along with all this, how can we fail to mention the wonderful Grand Eurasia competition, in which in November last year I had the honor to participate as a judge. It will be great for the whole world if the competition organized by the residents of Chelyabinsk becomes traditional.

Since Russia began to take an active part in international photography, authors from all over the world have been able to reveal the undeniable talent of your great professional photographers, as well as the amazing results that you achieved in such a short time and stun everyone: three World Cups, three gold and two silver medals over the past four years. Fantastic!

It's safe to say that the Russian school has become one of the most important landmarks for all photographers in the world, and I'm sure this is just the beginning.

I can't wait to return to your beautiful country to open the first Russian FIAP exhibition center, I am sure that it will make an even greater contribution to strengthening the strong ties of friendship between you and the 108 FIAP countries.

Thanks again to all of you for your great support and special thanks

Mr. Alexey Betekhtin, Minister of Culture of the Chelyabinsk Region,

Mr. Vladimir Bogdanovsky, Director of the State Historical Museum of the South Urals,

Mr. Rashid Usmanov, President of the Eurasian Photographers Association.

In conclusion, my best wishes and thoughts of special support to all families suffering from the consequences of COVID-19, in terms of health or economy.

And in the hope that in the near future there will be a way out of the situation, I send everyone my warmest wishes.

*Из письма губернатору Челябинской области Алексею Текслеру:*

Спасибо за невероятную деятельность, которую проделал ваш город Челябинск по организации Кубка мира FIAP, несмотря на трудный момент, который переживает все человечество. Наряду со всем этим, как мы можем не упомянуть о прекрасном конкурсе «Гранд Евразия», в котором в ноябре прошлого года я имел честь участвовать в качестве судьи. Будет прекрасно для всего мира, если организованный челябинцами конкурс станет традиционным.

С тех пор, как Россия стала принимать активное участие в международной фотографии, авторы со всего мира смогли раскрыть неоспоримый талант ваших великих фотографов-профессионалов, а также поразительные результаты, которых вы достигли за такое короткое время и ошеломили всех: три Кубка мира, три золотые и две серебряные медали за последние четыре года. Фантастика!

Можно с уверенностью сказать, что русская школа стала одним из важнейших ориентиров для всех фотографов мира, и я уверен, что это только начало.

Мне не терпится вернуться в вашу прекрасную страну, чтобы открыть первый российский выставочный центр ФИАП, я уверен, что он внесет еще больший вклад в укрепление крепких уз дружбы между вами и 108 странами FIAP.

Еще раз спасибо всем вам за большую поддержку и особую благодарность

г-ну Алексею Бетехтину, министру культуры Челябинской области,

г-ну Владимиру Богдановскому, директору Государственного исторического музея Южного Урала,

г-ну Рашиду Усманову, президенту Ассоциации фотографов Евразии.

В заключение, мои наилучшие пожелания и мысли об особой поддержке всем семьям, которые страдают от последствий COVID-19, с точки зрения здоровья или экономики.

И в надежде, что в ближайшее время будет выход из ситуации, посылаю всем свои самые теплые пожелания.
