We had to wait four years to be able to organise the Black and White Biennial again. The last one was in 2018 in South Africa. Then the Covid19- pandemic changed all our plans. Fortunately we can say that today we are on a new path to normality.

Particularly for this reason I am very pleased to present the catalogue of the 35th FIAP Black and White Biennial. The interest in this type of photography has once again been confirmed. It is the source of inspiration for our art and our passion.

Organising a FIAP Biennial is a great challenge for the organisers. The Oman team has done it with a high standard and responsibility. My congratulations.

46 countries from five continents have presented their collections, making it one of the largest participations in FIAP Biennials. We thank them for their participation and encourage them to continue to present their photographs in future Biennials. Also to the members of the jury who had to evaluate the large number of photographs received.

I would like to reserve a special congratulations to the participants from Greece for winning the World Cup for the first time in a FIAP Biennial. Likewise to those from Spain who, with the Bronze Medal achieved in this Biennial and the excellent results obtained in the Colour Biennial 2019, have been awarded for the first time the prestigious «Dr. M. Van de Wijer» Trophy.

Nous avons dû attendre quatre ans pour pouvoir organiser à nouveau la Biennale Noir et Blanc. La dernière a eu lieu en 2018 en Afrique du Sud. Puis la pandémie de Covid19- a changé tous nos plans. Heureusement, nous pouvons dire qu'aujourd'hui nous sommes sur un nouveau chemin vers la normalité.

C'est notamment pour cette raison que je suis très heureux de présenter le catalogue de la 35ème Biennale Noir et Blanc de la FIAP. L'intérêt pour ce type de photographie a une fois de plus été démontré. Elle est la source d'inspiration de notre art et de notre passion.

L'organisation d'une Biennale de la FIAP est un grand défi pour les organisateurs. L'équipe d'Oman l'a fait avec un haut niveau d'exigence et de responsabilité. Toutes mes félicitations.

46 pays des cinq continents ont soumis leurs collections, l'une des plus fortes participations aux Biennales de la FIAP. Nous vous remercions de votre participation et vous encourageons à continuer à soumettre vos photographies aux futures Biennales. Nous remercions également les membres du jury qui ont dû évaluer le grand nombre de photographies reçues.

Des félicitations spéciales aux participants de la Grèce qui ont remporté la Coupe du Monde lors d'une Biennale de la FIAP pour la première fois. De même pour ceux d'Espagne qui, avec la médaille de bronze obtenue lors de cette Biennale et les excellents résultats obtenus lors de la Biennale Couleur 2019, ont reçu pour la première fois le prestigieux Trophée « Dr. M. Van de Wijer ».

Black and white photographic art has always been at the center of photographers despite times and the evolution of technology as it still represents the spirit and passion.

With the acceleration in the development of human civilization and the acceleration in the development of arts and media, the art of black and white photography still represents a legacy on one hand, and a continuous challenge for artists to continue to dazzle the recipient using grayscale.

Hosting such an artistic event as the 35th Black and White FIAP Biennial that is tied with the tradition and heritage of FIAP is a great honor for the Sultanate of Oman, a country known for its pride in culture and cultural exchange with many countries and international organizations.

Welcome to the Sultanate of Oman.

L'art de la photographie en noir et blanc a toujours été privilégié par les photographes malgré les temps et l'évolution de la technologie, car il représente toujours l'esprit et la passion. Avec le développement accéléré de la civilisation, des arts et médias, l'art de la photographie en noir et blanc représente toujours à la fois un héritage et un défi constant pour les artistes qui doivent continuer à éblouir le public en utilisant les niveaux de gris.

Accueillir un événement artistique tel que la 35e Biennale FIAP Noir et Blanc, lié à la tradition et au patrimoine de la FIAP, est un grand honneur pour le Sultanat d'Oman, un pays connu pour sa fierté culturelle et ses échanges culturels avec de nombreux pays et organisations internationales. Bienvenue au Sultanat d'Oman.
